9 Objek langsung dan tak langsung; Urutan kata

Posisi objek langsung dan **tak langsung** (kata ganti dan kata benda) dalam kalimat.

Dengan kata kerja (***lend, borrow, send, bring, give...***) konstruksi kalimat dapat menjadi berbeda tergantung apakah kata kerja diikuti objek langsung atau tak langsung.

- subjek + kata kerja + objek tak langsung + objek langsung
  She sends her an email.
- subjek + kata kerja + objek langsung + ***to / for / from*** + objek tak langsung
  They give money to him.

Konstruksi jenis kedua dikategorikan kurang lazim dan digunakan:

- ketika objek tak langsung terdiri dari beberapa kata
  Tom is sending forty invitations to his friends for his birthday party.
- ketika objeknya merupakan kata ganti
  Why don't you lend it to me?

Di beberapa kasus (seperti kata kerja ***explain, introduce, deliver, describe...***) hanya struktur jenis kedua yang memungkinkan.
Can you introduce your cousin to me?

Urutan kata yang umum dari struktur kata tanya adalah:
kata tanya + auxiliary + subjek + kata kerja + objek dll.

We	*never*	*do*	*our homework*	*in the library.*	
They		*walk*	*slowly.*		

Perhatikan!

have to + infinitif digunakan untuk menyatakan kewajiban yang dibebankan oleh keadaan eksternal.

Makna **have to** hampir mirip dengan makna **must** dalam bentuk Present simple afirmatif. Namun, dalam bentuk negatif, makna **have to** menjadi sangat berbeda.
You must tell David! = You have to tell David! (Di kedua kasus, maknanya adalah: wajib untuk memberitahu David)
You mustn't tell David! (Wajib untuk tidak memberitahu David. Saya melarang Anda memberitahu David)
You don't have to tell David! (Tidak wajib untuk memberitahu David, tetapi boleh jika mau.)

The **Present perfect continuous** dibentuk oleh ***has / have*** + ***been*** + bentuk ***-ing*** dari kata kerja utama. Tense ini digunakan:

- untuk menyatakan kegiatan berlanjut yang dimulai pada masa lalu dan mungkin akan berlanjut di masa depan
  He has been working for our firm for many years.
- untuk menyatakan kejadian yang dimulai di masa lalu dan baru saja berhenti.
  He has been talking on the phone. (Sekarang dia sedang menulis surat.)

For dan **since**

for + periode waktu (**three days, an hour, more than two years, ages, many weeks…**).

since + momen tertentu dalam suatu waktu (**Christmas, last Thursday, March, I was young, 1978**…).

Present perfect simple vs **present perfect continuous**

Kedua present perfect tense tersebut dapat digunakan untuk menyatakan kejadian yang baru saja terjadi dan situasi yang berlanjut hingga saat ini. Namun, ada beberapa perbedaan penting:

- Present perfect continuous berfokus kepada kejadian/situasi tersebut, terutama pada sifat keberlanjutan; Present perfect simple lebih menekankan kepada proses penyelesaian kejadian/situasi dan hasilnya.
  I've read your book. (Fokus = fakta bahwa saya telah selesai membaca buku)
  I've been reading your book. (Fokus = aktivitas membaca buku Anda, yang belum saya selesaikan)
- Present perfect continuous digunakan untuk menyatakan **how long**; Present perfect simple digunakan untuk menyatakan **how much, how often, how many.**
  They've been sleeping for ten hours. / I've studied two chapters.

- Present perfect continous digunakan untuk situasi sementara; Present perfect simple digunakan untuk situasi permanen.
  She's been staying with relatives for a month. / I've lived in Milan all my life.
  (Perhatikan! Jangan gunakan **for** dan **since** dengan **all**.)

Terkadang ada sedikit perbedaan antara kedua bentuk tersebut. Ketika keduanya memungkinkan, sebaiknya gunakan Present perfect continuous.

Ada beberapa kata kerja yang tidak dapat digunakan dalam continuous tense apa pun. Kata kerja ini berhubungan dengan:

- pengidraan (**to smell, to taste, to hear, to see…**)
- kesukaan atau ketidaksukaan (**to hate, to love, to like…**)
- proses berpikir (**to believe, to forget, to imagine, to know**)
- kepemilikan (**to have, to belong, to own, to possess…**)
- proses menjadi (**to be, to exist…**)

  If you want, I'll come and pick you up at the station.

Future dengan **going to** dibentuk dengan present tense ***to be*** + ***going to*** + bentuk infinitif kata kerja tanpa ***to***.
He is going to call me tomorrow.

Untuk membentuk jawaban singkat dengan ***going to***, gunakan struktur berikut:
Yes, + subjek + *am/are/is*
